## Secondary school resources

### County Lines: Tricked and trapped (Teacher version)

These resources have been designed to support children and young people, especially those who are vulnerable, between the ages of 12–16 who are susceptible to being groomed for County Lines crimes.

### Why weapons? (Teacher version)

This lesson helps pupils learn to understand the risks and consequences of carrying weapons. The lesson also seeks to raise awareness of risk situations and potential dangers that young people may face in their everyday lives whenever they are around weapons, to understand the law regarding weapons (especially knives and guns) in public places, on school premises and the police response and to consider what constitutes a legal and illegal weapon and the consequences of carrying such weapons.

## School Police Officer presentations

This presentation helps pupils to:

- know what the law is about knives and bladed weapons
- challenge the myths behind why some young people may choose to carry a knife
- know how to stay safe when out and about
- know what to do if you know of someone who is carrying a knife
- choose to live knife free.

This presentation helps pupils to:

- understand that you have a right to be safe, on and offline.
  - know how to show respect to others online
  - know the laws around online harmful behaviour and offline violence
- 
- understand the consequences of harmful online behaviour and choosing to behave violently offline
  - know what to do if you experience or witness online harmful behaviour
  - know the consequences of committing violent behaviour or inciting others to do this
  - know who can help.

# #NotTheOne

#NotTheOne is a new campaign developed by South Wales Police and the Wales Violence Prevention Unit.

The website includes resources teachers and school police officers can use to educate young people on the dangers and consequences of carrying a knife.

This includes:

- Real life experiences
- The facts
- Quiz
- Lesson plans
